Honorable Allen W. Dulles
Director of Central Intelligence
Central Intelligence Agency
Washington 25, D. C.

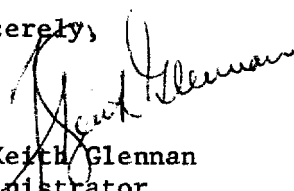

Dear Mr. Dulles:

In receiving your letter of March 21, 1959, we wish to express our appreciation for the offer of assistance extended by you in behalf of the intelligence community. The National Aeronautics and Space Administration anticipates making full use of all available sources of technical information and as such, we are most grateful for your kind offer of support.

To insure that we achieve optimum utilization of your services, I am asking Mr. Harold Lawrence of my staff to act as the focal point in all NASA relations with the intelligence community. To facilitate the carrying out of this responsibility, it is consequently requested that he be granted clearances in those areas in which NASA has a "need to know."

With regard to those services in which NASA can support the intelligence community, you can rest assured that NASA stands ready to cooperate to the maximum extent possible.

Sincerely,

T. Keith Glennan
Administrator
